

The Ultimate Guide on how to obtain your personal destream debit card.

Step 1: Visit **our website**:

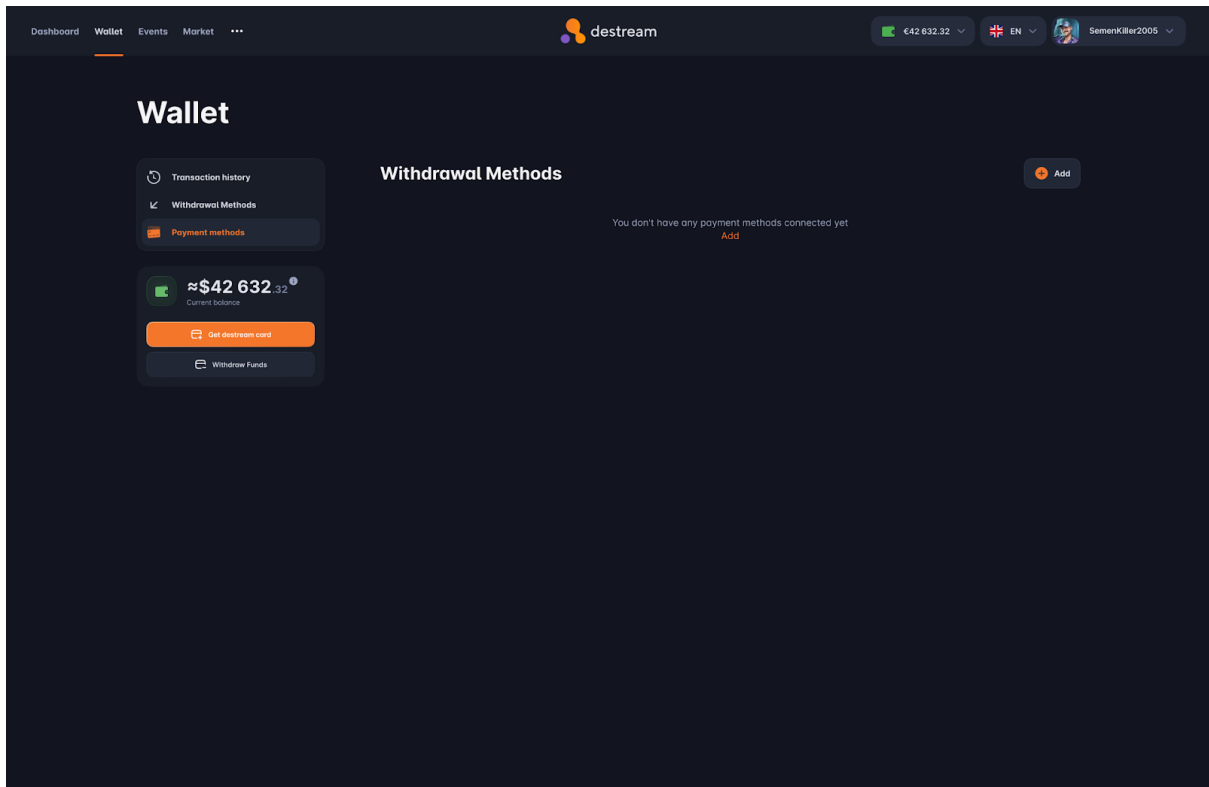

Head over to destream.net and log in to your account. If you don't have an account, you can easily register one here.

| QUICK REMINDER: Please start the process of ordering a card after **successfully registering and passing KYC** on destream.net as a creator.

Step 2. Issue your card:

Click on the "[Get destream card](#)" link, then press the "Order" button.

(Screenshot 2.)

Step 3. Check your email and install the app:

You'll receive a link in your email inbox. Click on that link to download the “destream card” application.

QUICK REMINDER: Please, don't delete the received email. You'll need it later on.

Install the application, and after the installation process is complete, locate the “destream card” app icon on your device and open it.

ALTERNATIVE WAY: you can download the destream card app directly from [Apple App Store](#) or [Google Play Store](#) by clicking these

links or simply searching the "destream card" phrase in your Store application.

Step 4. Provide your phone number:

Choose your country code and enter your phone number. Review terms and policies. Please, take a moment to read all the terms and policies before agreeing.

 Welcome Enter your phone number <div> +353 ▾ Your phone number</div> <div>I agree to MyPaynetics Privacy Policy and Terms and Conditions <input type="checkbox"/></div> <div>CONTINUE</div>	 Welcome Enter your phone number <div> +353 ▾ 91568917</div> <div>I agree to MyPaynetics Privacy Policy and Terms and Conditions <input checked="" type="checkbox"/></div> <div>CONTINUE</div>

Step 5. Set your PIN:

Create a new PIN code for your "destream card" application and type it in again for confirmation.

The image displays two side-by-side screenshots of a mobile application interface for setting a PIN. Both screens feature a status bar at the top with signal, battery, and time (11:11) indicators. A back arrow is located in the top-left corner of each screen.

The left screen, titled "Set destream PIN", includes a progress bar and the instruction "Use nonsequential and nonrepeating digits". Below this, there are four circles representing the PIN digits; the first circle is filled with an orange dot, while the others are empty. A numeric keypad is positioned below the circles, with digits 1 through 9 and 0, and a back arrow.

The right screen, titled "Confirm PIN", also features a progress bar. Below it, there are four empty circles for the PIN digits. A numeric keypad with digits 1 through 9 and 0, and a back arrow, is located at the bottom.

QUICK REMINDER: Please, keep your PIN code confidential and never share it with anyone.

Step 6. Confirm the PIN code:

After typing the PIN again, you'll receive a confirmation code via SMS. Enter the code into the special field which will appear right after you've set the new PIN.

Enter activation code

We've sent it to +35391568917

[Not my phone number](#)

You can resend in 30sec...

Step 10. Profit:

Voila, your virtual card has been issued! You can now top it up via your destream account, add it to your Apple/Google Wallet (just like your regular card), and just start using it on a daily basis. Enjoy!

To manually add your virtual card to:

- Apple wallet: go to Settings, Wallet & Apple Pay, Add Card, Debit or Credit Card, Continue, Enter Card Details Manually.
Go to destream card app, press Cards, See Details and copy your card number by clicking on it, and enter your name and surname, then click next, enter Expiry Date and CVV, and Verify by entering the confirmation code (phone call or SMS to your phone number). Now your card is added to Apple Pay and you can start using it right away.
- Android pay, open or download and then open Android Wallet, Add to Wallet, Payment card, Enter all data (card number, date, CVV, address, phone, Read and Accept Issuer Terms, and Verify by entering the confirmation code (phone call or SMS to your phone number). Now your card is added to Apple Pay and you can start using it right away.
